The cost for lunch is a donation, and the proceeds will be used to fight hunger. AND...

### HEALTH TIPS 2020

Apples contain fructose, a simple natural sugar found in many fruits. Apples provide fuel and nutrients that support many of the body's functions. They contain antioxidants and fiber, which protect the brain from Alzheimer's and decreases the risk of strokes, type 2 diabetes, heart disease and certain cancers. An apple a day may be worth your health.
